

**Contents of
Bulletin of The Allahabad Mathematical Society (BAMS)**

VOLUME 16 (2001)

Belmannu Devadas Acharya	Set-indexers of a graph and set-graceful graphs	1
B.K. Lahiri and Sadasiv Chakrabarti	A survey of density topology	25
Pentti Haukkanen	A- k -Even functions of several variables (mod r) and their cauchy product.	51
N.C. Jain and Rajeev Taneja	On forced flow along a porous vertical wall	71
B.S. Jaiswal and V.M. Soundalgekar	Unsteady free and forced convection MHD flow past an infinite vertical porous plate with variable suction and oscillating plate temperature	81
J.L. Lopez-Bonilla, G. Ovando and J.M. Rivera- Reholledo	Ladder operators for the two-dimensional harmonic oscillator	97
S.K. Mishra and N.G. Rueda	On univexity-type nonlinear programming problems	105
B. Singh and R.K. Sharma	Compatible mappings and fixed points	115
Rattan Singh	Longitudinal vibrations in a semi-infinite piezo-electric bar under an arbitrary body force in a magnetic field	121
